Combinations of Mouldings
one-half full size

This moulding book compiled by the Wholesale
Sash & Door Association, Chicago, Illinois, is
the result of painstaking survey and study of
the subject participated in by the Department
of Commerce, American Institute of Architects,
The Central Committee on Lumber Standards,
moulding manufacturers, distributors, and re-
tailers interested in the wood-using industry.

NOTES:

1. All interior mouldings not over $\frac{3}{4}$ of an inch in thickness figured on the list for inside mouldings shown above.
2. The list shown above for outside mouldings $\frac{3}{4}$ of an inch thick, applies to soft wood mouldings for paint.
3. Rabbeted moulding—such as 7151, 7155, and 7143 add to list 50c.
4. Intermediate sizes use same list as next larger listed size.
5. Wider than listed sizes—combine the largest equal lists, the finished sizes of which equal the required width.
